

Wishing you a
Bright 2024

Possability

Possability

21 December 2023

Possability

This is a letter from the Possability team.

We would like to

- wish you a happy festive season

and

- thank you for being part of our community.

A bright 2024

Next year we have lots to be excited about.

There will be opportunities for good changes for people with disability.

We are now joined together with Lifestyle Solutions.

Now we are better able to

- speak up for people with disability
- do more research

and

- work to make supports better for Australians with disability.

We are looking forward to next year.

We are

- almost ready to share our new plan about supporting human rights
- making sure Active Support is used to support people

and

- supporting more jobseekers with disability in more states.

We are listening to your family member, so we can make our services even better for them.

We thank your family member for letting us share in

- their goals
- and**
- achievements.

This festive season

Wishing you a merry and bright holiday and New Year.

We hope you have fun with the important people in your life.

Possability

Warm regards,

The Possability team
