

Possability

12 June 2025

This is a letter from our CEO, Ros Blakley.

I have some important news to share with you.

Independence Australia Group wants to buy Possability and Lifestyle Solutions.

Independence Australia Group is a company that supports people with disability.

Independence Australia Group will make us stronger and help us to do more.

There will be no change to the services you receive.

Your support will stay the same, and your team will keep working with you.

The change will happen in a few months, but nothing will change for you.

We will keep you updated and share more information soon.

If you have questions or want to know more, you can talk to a member of our team or an advocate.

Warm regards

Ros Blakley
