

Possability

1 September 2025

This is a letter from our former CEO, Ros Blakley.

I have some great news to share with you!

We are happy to tell you that Independence Australia Group has finished buying Possability and Lifestyle Solutions today.

This is a big step for us!

Together, we can help more people with disability and their families.

Now, Possability will be part of Independence Australia Group

Peter Turner will be the leader of our new team.

He is the leader of Independence Australia Group.

He will make sure we provide safe and quality services.

I have loved leading Possability and speaking up for people with disability.

I am proud of what we have built, and I feel good knowing Peter will lead our team well.

We believe that joining together will help us grow and help even more people.

By working together, we can make a bigger difference in our community.

We will keep you updated as our teams join together.

Change can feel a bit scary, and you might have some questions. That's okay!

If you have questions or just want to talk, please speak to your local team.

Thank you for being with us on this journey.

Warm regards

Ros Blakley
Former CEO, Possability Group
